Northwestern University's
Feinberg School of Medicine

Dear Mr. and Mrs. Rhea:

This is an exciting time as we prepare to break ground in Streeterville and begin construction on the Ann & Robert H. Lurie Children's Hospital of Chicago. With your support, we are shaping the future of pediatric medicine and science, and we are tremendously grateful for your continued investment in our vital mission. (\$20,000.00)

To thank you and keep you informed of the significant advances originating at the hospital and research center, I am pleased to enclose the latest issue of *Heroes*, the magazine of Children's Memorial.

This issue highlights our renowned expertise in caring for children with cancer and their families, as well as research collaborations that offer great hope for improved treatments and potential cures for those facing the often devastating diagnosis of pediatric cancer.

We hope you enjoy this issue of *Heroes* and take pride in the caliber of progress that your support makes possible. We simply could not provide the highest quality care to critically ill children and their families without your vision and generosity. *Thank you!*

Please contact me at (773) 880-6869 or mbukro@childrensmemorial.org if you have any questions about the programs featured in *Heroes* magazine or your involvement at Children's Memorial.

Sincerely,

Molly Bukro
Major Gifts Officer
